

Philosophy and Educational Task

Thank you for your interest in Peace Lutheran School. We look forward to partnering with you in the Christian education of your child(ren). Our purpose is to provide a safe, secure, Christ-centered learning environment in which you and your child will grow spiritually, intellectually, physically, and socially.

The school serves the Peace Lutheran congregation, the city of Antigo and the surrounding communities. Students are immersed in a Christian atmosphere, surrounded by teachers, administrators, pastors, and staff members who strive to have their presence be a testimony to the Christian faith so that the students may learn through God's word and spirit. Peace Lutheran aspires to develop students who:

- Know God and His forgiving love which He extends through his Son, Jesus Christ,
- Respond to that love through living lives rich with Christian faith, worship, and service,
- Become disciples of Jesus,
- Grow in self-understanding and self-acceptance,
- Relate responsibly and show appreciation for all of God's creations by acquiring knowledge and understanding, and
- Develop skills and talents for living dutifully in Christian service.

Peace Lutheran School provides learning experiences for all students which enable them:

- To learn and master the basic skills of written and oral communication, problem solving and mathematics, decision making, organization, critical and creative thinking, collaboration, and leadership,

- To learn about the world around them through the study of science, art, music, computer science and social sciences,
- To learn more about themselves and their abilities through health and physical education,
- To develop the mindset and skills necessary to become motivated, life-long learners,
- To develop self-discipline which will promote success in all environments including home, school, and community, and
- To become proficient in interpreting God's message through the Holy Gospel.
