

PEACE
LUTHERAN MINISTRIES
CHURCH • SCHOOL • CHILDCARE

Dear Parents,

Thank you for entrusting your student to us for a quality, Christ-centered education. We diligently strive to improve our program every year and we are greatly blessed by an outstanding faculty to carry it out.

The 23/24 Peace Lutheran School Registration will begin on January 23rd for the current school, childcare families for 3K – 8th Grade. All instructions, links, and tuition information for registration can be found on peaceantigo.org

We are excited to announce many positive changes for the 23/24 school year.

We are departmentalizing the 6th – 8th Grade Classes for the 2023-24 school year so teachers can focus on specific subjects.

The 4K Program will be full days Monday -Thursday, for the students to be able to have ample academic time, play time, outside time, and rest time. This also helps families schedule as there are many days throughout the year that there is not an AM or PM program so the students can participate in activities or field trips together.

Our STEAM Lab will be up and running February 1st providing students with experiences in computer programing, electrical circuitry, and fabrication.

Lastly, we are eagerly anticipating an experienced new principal who will work to improve curriculum offerings and more extensive professional development. We have called a principal who visited the facility, attended church, spoke with many staff members, and visited the classrooms. We are just awaiting his decision currently.

We go forward trusting God's blessing and provision. Please join us for worship if you do not have a church home.

Peace in Jesus,

Rev. Bo Baumeister
Interim School Administrator

"Train up a child in the way he should go; and when he is old, he will not depart from it." Proverbs 22:6
