New Building Update

The Building Families in Christ project is Almost finished. The construction group believes that they will be turning over the "key" to Peace by the beginning of October. At that point classrooms can be moved. I do NOT have an official date for when childcare will be in the new rooms. There are several little things that still need to happen. Watch for more information in your billing folders and online.

New Building Changes for drop off and pick up

All Childcare Families will be given a door code to be used at drop off and pick up. Please do not share this code. More information coming soon. Families will have to come into the building to pick up your child. We will no longer be able to send children to the carline. An adult 18 years or older must drop off and / or pick up childcare children. Families will enter at the new main entrance.
